Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes**Annual Performance Assessment Report (APAR) System
for Scientific Personnel of ICAR****A. Prologue**

Indian Council of Agricultural Research (ICAR) is one of the largest scientific organizations devoted to agricultural research and education in the country. Through its vast network of institutions spread across the entire length and breadth of the country, it caters to the research and educational needs in agriculture at the national level. It takes pride in having the highly qualified scientific manpower, numbering around 5000, who bring laurels to the country in general and to ICAR in particular. Its contribution towards making the country self-sufficient in food production has received universal recognition. Besides its basic role in increasing agricultural production and productivity through appropriate technologies and in developing the high quality scientific manpower through its relevant academic/training activity, it provides policy support to the Government on all matters relating to agricultural research and education.

The ICAR largely owes its achievements to the devotion and untiring efforts of its scientific community. Over the years, it has evolved dynamic systems to evaluate the achievement of scientists against the targets set for various tasks and suitably reward them based on their level of performance. One of the basic components of the evaluation system is the preparation and documentation of Annual Assessment Report (AAR). From a mere subjective assessment of the performance of scientists, an improved AAR system has been developed by the Council so as to infuse more objectivity through a process of quantification and grading of their achievements. The revised AAR form for the scientific personnel has been introduced for adoption from the assessment year 2003 – 2004 (vide ICAR letter no. 2(3)/96-Per.IV dated 5th November 2003).

The Department of Personnel and Training (DoPT) of the Government of India has developed guidelines for the preparation and maintenance of Annual Performance Assessment Report (APAR) in respect of All India Services (vide DoPT letter no. 21011/1/2005-Estt (A)(Pt-II) dated 23rd July 2009), wherein the format for numerical grading of the achievements of Group 'A' Officers by the Reporting and Reviewing Authority has been elaborated. The ICAR endorsed these guidelines and communicated to its Institutes for information and further guidance (vide ICAR letter no. 21-23/2009-CDN dated 17th August 2009). As a follow-up, the National Academy of Agricultural Research Management (NAARM) has been asked to revise the existing AAR system currently in vogue for the scientific personnel of ICAR.

In this context, ICAR has asked NAARM to review and revise the existing Annual Performance Assessment Report (APAR) form in respect of scientists in accordance with DoPT guidelines. Accordingly, the existing AAR system has been revised after thorough review and interaction with some Senior Officers at NAARM. Apart from DoPT guidelines, the APAR system followed for the scientific personnel of the Council of Scientific and Industrial Research (CSIR), as well as the score card system adopted by the Agricultural Scientists Recruitment Board (ASRB) for promotion of scientists under the Career Advance Scheme (CAS) of ICAR have also been consulted during revision.

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes**B. Revision of Annual Performance Assessment Report (APAR) System**

Keeping the aforesaid points in view, the existing APAR system followed in ICAR has been revised by incorporating the DoPT guidelines and the salient features of the assessment system followed in CSIR institutes, as well as the prevailing ASRB score card system adopted for the promotion of ICAR scientists. The basic principle followed for revision including the process envisaged and the content modified; and the revised APAR form for the scientific personnel of ICAR are presented along with necessary guidelines in the following section.

i. Principle

It is in the interest of all categories of ICAR scientists that they should know how well or otherwise they are performing their job. Genuine feedback information from periodical assessment of their performance would facilitate them to plan their career development in a systematic manner. Knowing their deficiency in time, if any, would enable them to take special efforts to overcome their shortcomings keeping in view their career advancement in the long run.

The performance of scientists is assessed regularly on an annual basis (April - March) through Annual Performance Assessment Report (APAR). It is an important document which provides the basic and vital inputs for assessing the suitability of individual scientists for their further career advancement. The APAR is a means to an end and not an end itself. It should be considered as a true indicator of the achievement of scientists and not as a mere controlling tool. It is not meant to be a fault finding tool but a development tool for career planning of scientists.

Performance assessment should be considered as a human resource development tool in order to enable the scientists to realize their true potential. It is meant to be a joint exercise between the scientist reported upon and the Reporting Officer who supervises his/her work. At the beginning of the year, the Reporting Officer has to set quantitative/physical targets in consultation with each of the scientists working under them. It is the duty of the Reporting Officer to give the scientists a clear understanding of the tasks to be performed and to provide them with the required resources to effectively perform the tasks assigned to them. It is for the scientists to contribute to the best of their ability through better achievement of the given tasks, both in quantity and quality, by making optimum use of the resources provided.

It is of vital concern both for the Reporting Officer and the Reviewing Officer to write the APAR of their scientists in an objective and impartial manner. Their objective assessment would not only assist them in providing proper guidance for those scientists who perform below expectations, but also in taking credit for the good work done by their scientists. They should have a clear perception of the objectives of performance assessment, i.e., i) to improve the performance of scientists in their present job; and ii) to

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

assess the potentialities of scientists and prepare them through appropriate feedback and guidance for their career opportunities in future.

The basic principle of the revised assessment system demands that the full APAR including the overall grade and general assessment by the Reporting Officer be communicated to the concerned scientist after it is completed with the remarks of the Reviewing Officer. The scientist reported upon to be given the opportunity to make representation against the entries and final grading given in the APAR, if he/she is not fully in agreement with the assessment made by the Reporting and Reviewing Officers. The competent authority may then consider the representation of the grieved scientist, if necessary, in consultation with the Reporting Officer and/or Reviewing Officer. After due consideration, the competent authority may accept and modify the APAR or reject it. The decision of the competent authority will be final.

ii. Process

A series of time-bound steps are involved in the preparation and documentation of APAR for the scientific personnel of ICAR, as under:

- Distribution of APAR form to the Scientist to be reported upon, after completion of Part 1 by the Administrative Office.
- Submission of self-assessment of activities and accomplishments by the Scientist reported upon in Part 2 to the Reporting Officer.
- Submission of report by the Reporting Officer in Part 3 to the Reviewing Officer, after evaluating the self-assessment submitted by the Scientist reported upon and awarding numerical grade as per the specific guidelines set for the purpose.
- Completion of report by the Reviewing Officer and sending it to APAR Section/ Cell, after recording critical remarks on the evaluation by the Reporting Officer and awarding own numerical grade, as per the guidelines, in Part 3.
- Disclosure of the evaluation including the numerical grade awarded and the critical comments made by the Reporting and Reviewing Officers to the Scientist reported upon for information.
- Receipt of representation, if any, on the completed APAR from the Scientist reported upon by the APAR Section/ Cell.
- Forwarding of representation received by the APAR Section/ Cell to the Competent Authority for redress.
- Disposal of representation by the Competent Authority, either by accepting it and suitably modifying the APAR or rejecting it.
- Communication of the decision of the Competent Authority on the representation received to the APAR Section/ Cell.
- End of entire process and finally taking the APAR on record.

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

The entire APAR process starts on 31st March and ends on 30th November, as annexed to the revised APAR form.

iii. Content

The revised Annual Performance Assessment Report (APAR) form essentially has three distinct parts, as under:

Part 1: General particulars of the Scientist reported upon – to be filled in by the Administrative Office.

Part 2: Self- assessment of performance – to be filled in by the Scientist reported upon. It provides ample opportunity for the individual scientists to indicate the relative time spent on each of the tasks assigned to them as well as to evaluate one's own performance and document the achievements. In this part, the Scientist specifies the targets set for various tasks performed, achievements under each target, the shortfalls (if any), constraints encountered and specific areas where achievements have been greater.

Part 3: Assessment by the Reporting and Reviewing Officers. Their evaluation and comments provide opportunity to every Scientist to receive an honest and constructive critique on past performance and suggestions for improvement and career growth in future.

Since the assessment of any scientist should in principle be determined not only by the work output in the preceding year but also to some degree his/her capabilities and potentials, the revised APAR system considers across four major parameters, namely, 'Work Output'- professional; Work Output – institutional; 'Personal Attributes' and 'Functional Competence', with different weight factor assigned to each one of them in accordance with job description. Achievements of the scientist are to be graded (scored) against relevant indicators of assessment included under each of these parameters by the supervising officers to arrive at the overall grading of the scientist. The weighted average factor concept permits the possibility of the different parameters being valued differently for scientists in different job categories with varied functions.

Once the scientist completes the self-assessment part, numerical grading are to be awarded by the Reporting Officer for the work output (professional & institutional), personal attributes and functional competence of the scientist reported upon, that need to be agreed or disagreed and modified with reasons by the concerned Reviewing Officer. Accomplishments of the Scientist against the group of indicators included under each of these parameters are to be graded (scored) individually on a scale of 1–10, where 1 refers to the lowest grade and 10 to the highest. The overall grading will be based on the weighted average concept.

C. Epilogue

In order for the revised APAR system to succeed, the Supervising Officers/ Heads of Institutes/ Research Managers have to play a key role by observing the following:

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

- The APAR has to be filled with due care and attention, and also after devoting adequate time.
- Ensuring that all scientists are familiar with and understand the basic tenets of the APAR form and know how to fill it correctly (probably through an institute-level short exposure).
- Working with the Senior Officers Team at the Station/Institute to create enabling atmosphere and mechanism, and also make available the required resources and facilities to the extent possible so that the scientists could perform to the best of their ability.
- Making the internal mechanism for addressing any grievances of the scientists more effective.
- Ensuring that the scientists receive timely feedback on their more significant as well as lesser strengths, including suggestions for improvement.
- Since APARs are vital for proper management and development of scientists, it is essential to see that they are completed within a time frame.

It is with sincere hope and expectation that the existing APAR system has been revised to provide opportunity for the Supervising Officers to recognize and suitably reward the performance of scientists, as well as to allow the ICAR Institutes to promote institutional goals by rewarding excellence and evolving appropriate strategies to overcome poor performance of the scientists towards achieving the institutional goals.

**Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National
Institutes**

D. Annual Performance Assessment Report (APAR) Form

INDIAN COUNCIL OF AGRICULTURAL RESEARCH

**Annual Performance Assessment Report for Scientific Personnel of the
ICAR Report for the year/period ending.....**

PART - 1: General Particulars (to be filled in by the Administrative Office)

1. Name of the Scientist: _____
2. Date of birth: _____
3. Date of entry in the ICAR service: _____
4. Present designation: _____
5. Date of joining the Present Grade: _____
6. Present pay: _____
7. Research Station/ Institute in which working: _____
8. Details of service in difficult/remote/backward areas/disadvantaged areas:

Period	Station	Designation

9. Academic qualification acquired during the year reported upon (in case no academic qualification has been acquired, the highest degree along with specialization need be given):

Degree	Year	Subject(s)	Institution

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

10. Period on leave during the year:

11. Please state whether the annual return on immovable property for the preceding calendar year was filed within the prescribed date i.e. 31st January of the year following the calendar year. If not, the date of filing the return should be given:

12. Please attach Annual Health Checkup report for the assessment year.

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

PART - 2: Self – Assessment (to be filled in by the Scientist reported upon)

2.1 Activities and Achievements:

Activities approved and accomplished (*Please choose whichever is applicable to you*):

S.N.	Activities Planned and Target*	Time Spent ** (%)	Achieved *** (%)	Reasons for Shortfall/ Constraints, if any
1.	Research Activities * * * * *

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

Part – 2.1.2: Additional information to be filled in by the Directors/Joint Directors of Deemed Universities / National Institutes

S.N.	Activity	Targets (Institutional)	Achievements	Reasons for shortfall, if any
1.	Human resource management:			
	a) Recruitment			
	b) Timely assessment of Technical, Administrative Staff and Scientists at the Institute			
	c) Human resource development			
	d) Redress the employee's grievances at the institute			
2.	Financial management: (Division/ Station/ Institute)			
	a) Resource generation			
	b) Budget utilization			
	c) New externally funded projects			
3.	Intellectual property management:			
	a) Identification and protection			
	b) Technologies commercialized			
4.	Management/ promotion of scientific collaboration			
	a) National			
	b) International			
5.	Conducting meetings and follow-up action: IRC/ RAC / ITMU / IMC / QRT/ International events, etc			
6.	Public/ Farmers Outreach a)Publicity/ Interaction b)Public advocacy and outreach c)Interaction with KVKs			
7.	Visit to provide guidance and support (Regional Stations/ Centers)			

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

8.	Completion of activities in time (<i>Annual Report/News Letter</i>)			
9.	Implementation of developmental activities of Government of India viz. Swatch Bharat programme, development of alternate source of energy viz., establishment of roof-top solar panel systems at the Institute.			
10.	Responsiveness to important communication received from ICAR Hqrs.			
11.	Implementation of flagship programmes of Ministries/ Departments by the Institute.			
12.	Any other (please specify)			

Signature of Director/ Project Director

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

PART – 3: Assessment by the Reporting Officer

3.1 Length of service of the Scientist being reported under your supervision

3.2 Comments on Part – 2:

Please make an objective comment on Part 2 (from 1 to 3), and Part 2.1 or 2.2 or 2.3 (as the case may be), as well as on the summary report made by the Scientist. While commenting, please take due note of the shortfalls / constraints mentioned by the Scientist as well as the extent to which the resources and facilities committed at the time of setting targets were provided.

3.3 Assessment of Significant Achievements

Please score individually the group of indicators under each of the following parameters on a scale of 1-10, ten being the highest grade and 1 the lowest. Grading on each of the parameter of assessment is the mean score of all the indicators included under it (*Please follow the guidelines given in Annexure III A & B for grading*).

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

Indicators	Marks (1-10 scale)	Weightage assigned	Total obtained (W x M)
1. Institutional Management including resource generation	M ¹	W ¹	
2. Research Management	M ²	W ²	
3. Peer Recognition	M ³	W ³	
4. Professional growth & development	M ⁴	W ⁴	
5. Personal attributes	M ⁵	W ⁵	
6. Functional competency	M ⁶	W ⁶	
7. Implementation of flagship programmes of GoI	M ⁷	W ⁷	

Final Grading:
$$\frac{(M^1 \times W^1) + (M^2 \times W^2) + (M^3 \times W^3) + (M^4 \times W^4) + (M^5 \times W^5) + (M^6 \times W^6) + (M^7 \times W^7)}{100}$$

S. No.	Grade	Category
1.	8.5 – 10.0	Outstanding
2.	7.0 – 8.4	Very Good
3.	5.5 – 6.9	Good
4.	4.0 – 5.4	Average
5.	< 4.0	Below Average

(Adapted to suit ICAR System)

Note: Against work output/ personal attributes/ functional competence, priority work out put and overall grade:

- (i) Any grading of 1 or 2, and 'Below Average' to be adequately justified by way of specific failures.
- (ii) Any grading of 9 or 10, and 'Outstanding' to be justified with respect to specific accomplishments.
- (iii) Rating should be done against a large population of peer group of Scientists that may be currently working under the Reporting Officer.

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

3.4 General Assessment:

- (i) Please comment on the state of health of the Scientist.
- (ii) Please comment on the integrity of the Scientist by circling one of the following options:
- Beyond doubt
 - Nothing adverse heard against
 - Doubtful

Note: Instructions of Government of India to be followed in case of adverse remarks

- (iii) Please comment on the attitude of the Scientist towards Scheduled Caste / Scheduled Tribe / Weaker Sections of the Society; his / her understanding and willingness to deal with them.

- (iv) Please comment on the major strengths of the Scientist.

- (v) Suggested area of training/skill up-gradation.

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes**Guidelines****Annexure I. Filling of Annual Performance Assessment Report (APAR) Form**

1. The Annual Performance Assessment Report (APAR) form for the Scientific Personnel is to be filled by the concerned Administrative Office, the Scientist reported upon, the Reporting Officer and the Reviewing Officer.
2. Part-1 of the APAR is to be filled by the Administrative Office of the Institute/ Headquarters where the Scientist has been working in the period reported upon. Since this part involves details of the service of the scientist at various Institutes, his/her academic qualification and the nature of leave availed by him/her, he/she is required to submit all such information to the concerned Administrative Office from time to time.

While filling up these items, scientists may match them with what they have indicated in their six-monthly targets and achievements that are submitted on-line.

3. Part-2 of the APAR proforma endeavours at the self-assessment of the Scientist reported upon. The targets set and the achievements made, along with time spent, against each activity should be given. Also, the constraints faced in accomplishing these targets, if any, should be highlighted.
4. The Scientist being reported upon is required to submit a summary report in about 400 words on the most significant accomplishments during the year reported upon.
6. In Part-3.1 of the APAR proforma, the Reporting Officer is required to write the grade (score) on 1 – 10 scale against each of the listed indicators under the four parameters in order to more objectively assess the achievements of the Scientist reported upon using weighted average method. The final cumulative weighted average can thus be arrived and reported.
7. Additionally, the Reporting Officer has to offer his/her comments on general assessment for the Scientist reported upon.
8. In Part-3.2 of the APAR proforma, the Reviewing Officer shall express his/her agreement or suggest modifications on the assessment made by the Reporting Officer and then indicate his/her final grading.

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

Annexure II: Setting Targets

This is one of the basic requirements that is vital for proper assessment of the performance of scientists in ICAR. Quality of assessment can be greatly enhanced by paying due attention to this critical activity. This has to be necessarily a joint exercise by the Scientist reported upon and the Reporting Officer concerned. While the Scientist proposes targets for the coming year, in terms of distinct activities, the Reporting Officer accords concurrence. On this premise, the following form has to be completed within first 15 days of the reporting period to set realistic and acceptable targets. Also as a mid-year exercise, the targets agreed upon at the beginning of the year have to be reviewed again during September/October and minor changes are to be made wherever necessary.

Please indicate the major activities planned along with expected key outputs.

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

Annexure III: Grading of Scientists by Reporting and Reviewing Officers

A. Weightage Factors

Weightage for the parameters with reference to the different categories of scientists is placed in Table-A for reference.

Indicators	Weightage (W ¹ to W ⁷)
1. Institutional Management including resource generation	35
2. Research Management	35
3. Peer Recognition	05
4. Professional growth & development	05
5. Personal attributes	10
6. Functional competency	10
7. Implementation of flagship programmes of GoI	05

B. Grading: Following guidelines may be observed to award grade (score) against each of the indicators included under the four major parameters considered for assessment.

B.1 Work Output - Professional

i) Accomplishment of planned work / work allotted as per objects allotted (*level of meeting expected output*).

Far below expectation		—————→		Meets expectation		—————→		Consistently exceeds expectation	
1	2	3	4	5	6	7	8	9	10

ii) Outputs (*quantum of various work outputs from research, education and extension activities like technologies, publications, academic programmes, training, transfer of technology, products developed, etc.*).

Very low		—————→		Moderate		—————→		Very high	
1	2	3	4	5	6	7	8	9	10

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

iii) Quality of output (*how well meets the objectives; accuracy and thoroughness in handling the assigned work*).

Poor quality		—————→		Assignments carried out well and in time		—————→		Exceeds all measures for expected quality	
1	2	3	4	5	6	7	8	9	10

iv) Professional knowledge and skills and analytical ability (*depth and uniqueness of knowledge and skills; ability to identify cause of the problem by reducing it to significant components in a logical and systematic manner, and use realistic approaches to solve it after systematic synthesis*).

Very low		—————→		Moderate		—————→		Very high	
1	2	3	4	5	6	7	8	9	10

v) Accomplishment of exceptional work/ unforeseen tasks performed (*peer recognition of results of exceptional quality from tasks not included in the targets set at the beginning; special awards and rewards received*).

No recognition		—————→		Moderate recognition		—————→		Very high recognition	
1	2	3	4	5	6	7	8	9	10

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

B.2 Work Output – Institutional

- 1) **Accomplishment of planned work/ work allotted as per the subjects allotted** (*level of meeting expected output*).

- a) Implementation of E-governance Schemes including ERP, Krishi, AYPM etc. (Effective & efficient implementation of priority schemes in timely manner)

Very poor				Moderate				Very good	
1	2	3	4	5	6	7	8	9	10

- b) Digitization of land accounts. (Proper digitization of land record & its annual maintenances as per revenue code)

Very poor				Moderate				Very good	
1	2	3	4	5	6	7	8	9	10

- c) Establishment of roof-top solar panel systems. (Taking into Nos. of panels installed, total capacity of power generation of panel and production in particular year).

Very poor				Moderate				Very good	
1	2	3	4	5	6	7	8	9	10

- d) Timely assessment of Technical, Administrative Staff and Scientists. (No. of staff for whose probation cleared or assessment done, on time and with delay)

Very poor				Moderate				Very good	
1	2	3	4	5	6	7	8	9	10

- e) Redressal of employee's grievances. (Record of redressal of employees grievances, conducting meeting of IJSC, I Grievance Committee, Women Committee etc. timely taking follow up action, hearing of cases related to service matter etc.

Very poor				Moderate				Very good	
1	2	3	4	5	6	7	8	9	10

- f) Responsiveness to important communication from ICAR Hqrs. (Responsive towards communication received from ICAR Hqrs. Submission of timely reports to concerned authorities / officers of ICAR Hqrs.

Very poor				Moderate				Very good	
1	2	3	4	5	6	7	8	9	10

- g) Implementation of flagship programmes of Ministries / Departments. (Implementation of flagship schemes of GOI/ICAR related agriculture, farmers, research and education.

Very poor				Moderate				Very good	
1	2	3	4	5	6	7	8	9	10

(Adapted from CSIR System)

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

B.3. Personal Attributes

- i) Attitude to work (*interest shown towards job; industrious and hardworking, passion for excellence; readiness to accept change*).

Very low		—————→		Moderate		—————→		Very high	
1	2	3	4	5	6	7	8	9	10

- ii) Innovativeness and initiative (*ingenuity and creativity to evolve new ideas and concepts, and handle unusual situations; ability to recognize what needs to be done and organize things on the own to get started*).

Very poor		—————→		Moderate		—————→		Very good	
1	2	3	4	5	6	7	8	9	10

- iii) Sense of responsibility (*commitment to institutional goals; exhibiting accountability for the assignments taken up*).

Very low commitment and accountability		—————→		Moderate commitment and accountability		—————→		Very high commitment and accountability	
1	2	3	4	5	6	7	8	9	10

- iv) Maintenance of discipline (*acceptance and delivery of assignments with a high sense of responsibility; punctuality; following institutional norms and procedures*).

Highly indisciplined		—————→		Disciplined		—————→		Very highly disciplined	
1	2	3	4	5	6	7	8	9	10

- v) Communication skills (*ability to listen; effectively organize, present and sell ideas and information orally and by writing to others*).

Very low		—————→		Moderate		—————→		Very high	
1	2	3	4	5	6	7	8	9	10

- vi) Leadership qualities (*ability to develop vision, foresight and judgment; properly judge and delegate assignments to others; create and maintain suitable work climate to get the best out of people; maintain poise under pressure*).

Very poor		—————→		Moderate		—————→		Exceptional	
1	2	3	4	5	6	7	8	9	10

- vii) Inter-personal relations (*tact, courtesy and sincerity in personal contacts; friendliness and helpfulness to secure cooperation from others without positional authority*).

Very poor		—————→		Moderate		—————→		Very good	
1	2	3	4	5	6	7	8	9	10

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

B.4. Functional Competence

- i) Knowledge of rules/ regulations/ procedures in the area of function and ability to apply them correctly (*aptitude and potential for general administration*).

Very poor		—————→		Moderate		—————→		Very good	
1	2	3	4	5	6	7	8	9	10

- ii) Managerial skills (*ability to plan, schedule and organize work by making effective use of available resources; set realistic goals and workable course of action; effectively monitor the progress and evaluate the results*).

Very low		—————→		Moderate		—————→		Very high	
1	2	3	4	5	6	7	8	9	10

- iii) Strategic planning ability (*evolving appropriate strategies, plans and schedules and making adjustments as per the emerging needs while still maintaining the overall effectiveness*).

Very low		—————→		Moderate		—————→		Very high	
1	2	3	4	5	6	7	8	9	10

- iv) Decision making ability (*developing alternative courses of action based on collection and analysis of factual information, and willingly taking decisions in a timely and effective manner*).

Very low		—————→		Moderate		—————→		Very high	
1	2	3	4	5	6	7	8	9	10

- v) Coordination ability (*coordinating various purpose-oriented activities undertaken by ensuring active participation and cooperation of people associated with them*).

Very low		—————→		Moderate		—————→		Very high	
1	2	3	4	5	6	7	8	9	10

- vi) Ability to motivate and develop the scientists and other staff working with them (*encouraging the scientists and other staff by according due recognition to their efforts and suitably rewarding them; developing and executing necessary HRD plans for their professional and personal growth and development*).

Very low		—————→		Moderate		—————→		Very high	
1	2	3	4	5	6	7	8	9	10

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes

vii) Resource generation (*ability to mobilize additional funds through outside projects, consultancy services and commercialization of technologies*).

None		—————→		Something		—————→		Appreciable	
1	2	3	4	5	6	7	8	9	10

viii) Budget utilization (*extent of utilization of budgetary allocation to various activities approved by the competent authority*).

Less utilized		—————→		Partly utilized		—————→		Fully utilized	
1	2	3	4	5	6	7	8	9	10

(Adapted from CSIR System)

Annual Performance Assessment Report (APAR) of Directors/JDs of Deemed Universities / National Institutes**Annexure IV: Time Schedule for Preparation/ Completion of APAR
(Reporting Year – Financial Year)**

S. No.	Activity	Date by which to be Completed
1.	Distribution of APAR form to the Scientist to be reported upon after completion of Part-1 by the Administrative Office.	31 st March (This may be completed even a week earlier)
2.	Submission of self-assessment by the Scientist reported upon in Part-2 to the Reporting Officer.	15 th April
3.	Submission of report by the Reporting Officer after general assessment and numerical grading in Part-3.1 to the Reviewing Officer.	30 th June
4.	Completion of report by the Reviewing Officer with critical remarks and numerical grading in Part 3.2 and sending it to APAR Section/ Cell.	31 st July
5.	Disclosure of the evaluation including the numerical grade awarded by the Reporting and Reviewing Officers to the Scientist reported upon.	1 st September
6.	Receipt of representation, if any, on the completed APAR from the Scientist reported upon by the APAR Section/ Cell.	15 th September
7.	Forwarding of representation received from the Scientist reported upon by the APAR Section/ Cell to the Competent Authority.	21 st September
8.	Disposal of representation by the Competent Authority, with concurrence or rejection.	Within one month from the date of receipt of representation
9.	Communication of the decision of the Competent Authority on the representation received to the APAR Section/ Cell.	15 th November
10.	End of entire process, after which the APAR will be finally taken on record.	30 th November
