**F. No. 1(11)/2009-Exam Cell (Part)**

Dated: August 14, 2012

To,

All the Vice-Chancellors of State Agricultural Universities/ICAR-DUs/CAU/CUs

**Sub: Final Report of the Committee to Review Essential Qualifications and Degree Nomenclature of various programmes running in Agricultural Universities.**

Sir,

As you may be kindly aware that pursuant to decision taken during Special Meeting of the Vice-Chancellors of Agricultural Universities held on 4<sup>th</sup> October, 2010 at NASC Complex, DPS Marg, New Delhi, a committee was constituted *vide* Office Order No. 1(11)/2009-Exam Cell (Part) dated 14<sup>th</sup> December, 2010 to review existing essential qualifications for admission and nomenclature of various degree programmes and work out the modalities to bring uniformity in essential qualifications for admission and nomenclature of various degree programmes across the AUs.

The Final Report of the Committee has been approved by the competent authority and is placed for your kind information please. A copy of the same will also be placed in the next VCs Conference.

Yours faithfully,

**(Kusumakar Sharma)**

**Encl. :** Final Report of the Committee to Review Essential Qualifications and Degree Nomenclature of various programmes running in Agricultural Universities.

**REPORT OF THE COMMITTEE  
TO  
REVIEW THE ESSENTIAL QUALIFICATION  
AND NOMENCLATURE  
OF  
VARIOUS DEGREE PROGRAMMES  
IN  
AGRICULTURAL UNIVERSITIES**

**January, 2012**

**EDUCATION DIVISION  
INDIAN COUNCIL OF AGRICULTURAL RESEARCH  
KRISHI ANUSANDHAN BHAWAN-II, PUSA, NEW DELHI-110012**

**REPORT OF THE  
ESSENTIAL QUALIFICATION AND DEGREE NOMENCLATURE REVIEW COMMITTEE**

A committee of the following was constituted *vide* Office Order No.1 (11)/2009-Exam Cell (Part) dated 14<sup>th</sup> December, 2010 to review the Essential Qualification and Nomenclature of various degree programmes in vogue in Agricultural Universities (AUs).

1. Prof. R.B. Lal, Vice Chancellor, SHIATS, Allahabad, Convener
2. Dr. S.B. Dandin Member
3. Dr. M.C. Sharma Member
4. Dr. Sukhwant Kaur Mann Member
5. Dr. W.S. Lakra Member
6. Dr. A.K. Srivastava Member
7. Dr. P. Raghav Reddy Member
8. Dr. M. K. Agnihotri Member-Secretary

The information regarding existing essential qualification and nomenclature of various degree programmes in Agricultural Universities was collected. After having extensive deliberations and discussion, the committee has arrived at certain recommendations for bringing the uniformity in essential qualification and nomenclature of various degree programmes offered in Agricultural Universities. During the deliberations/discussions, DDG (Edn), ADG (HRD) and ADG (EQR) were also present as special invitees.

Accordingly, we, the members of this committee, are pleased to present this report for its implementation.

Member Secretary

(Prof. R.B. Lal)  
Convener

## Preface

Triggered primarily by professional and academic linkages with Agricultural Universities (AUs), ICAR has been able to foster a countrywide arrangement with the AUs to set aside 15% of their seats for Under-graduate and 25% seats for Master's degree admissions through ICAR. To fill up these seats, ICAR, annually, conducts the All India Entrance Examination for Admissions (AIEEA-UG & PG), generally in the month of April. Through AIEEA-UG, in addition to 15% seats of Agricultural Universities, 100% seats of NDRI are also filled-up. The AIEEA-PG, in addition to 25% seats allotted to ICAR, also covers 100 % seats of four ICAR Deemed to-be-Universities (DUs) namely IVRI Izatnagar, IARI Pusa, NDRI Karnal and CIFE Mumbai. The basic objective of All India Entrance Examination is to reduce inbreeding, increase mobility amongst students, encourage national integration and infuse merit and uniform examination standards leading to improved overall quality of Agricultural Education in the country.

Through All India Entrance Examination, admission is given to the qualified candidates in 11 subjects of agriculture and allied sciences (other than Veterinary Sciences) for Undergraduate programme, depending on their merit, choice of the University and subject. Similarly, candidates are admitted for pursuing Master's degree covering 93 subjects offered by the universities associated with ICAR. Under the UG programme, candidates seeking admission outside their State of domicile are also eligible for the award of National Talent Scholarship. The ICAR Junior Research Fellowship for Post Graduate studies (JRF-PGS) is awarded to 475 candidates based on their merit and availability of seats in different disciplines on the basis of this examination.

During academic session 2011-12, against 2,077 available seats for Bachelor's degree programmes, as communicated by various AU's, 1,763 were filled up through counseling. For Master's degree programmes, against 2,841 available seats 2,076 were filled up.

The eligibility requirements for admission and intake capacity for each subject/degree programme along with the information regarding number of ICAR seats (15% seats for UG and 25% seats for PG), reservation category-wise, that are to be filled up at different Agricultural Universities through ICAR examination, are invited every year from all the agricultural universities. It has been observed that seats and courses offered and communicated for counseling, the nomenclature of various Bachelor and Master's degree programs and eligibility requirements for admission at Agricultural Universities are widely different, leading to confusion/dissatisfaction/complaints/unwanted representations from prospective candidates. Not only this, students face difficulty while seeking job also, as some degrees are not considered valid owing to variations in their nomenclature. Keeping this in view, after discussion during Special Meeting of the Vice-Chancellors of Agricultural Universities held on 4<sup>th</sup> October, 2010 at NASC Complex, DPS Marg, New Delhi, it was decided to constitute a committee comprising of the following members:

1. Prof. R.B. Lal, Vice Chancellor, SHIATS, Allahabad-**Convener**
2. Dr. S.B. Dandin, Vice Chancellor, UHS, Bagalkot-**Member**
3. Dr. M.C. Sharma, Director, IVRI, Izatnagar-**Member**
4. Dr. (Mrs.) Sukhwant Kaur Mann, Former Dean Home Science, PAU, Ludhiana-**Member**
5. Dr. A.K. Srivastava, Director, NDRI, Karnal-**Member**
6. Dr. P. Raghav Reddy, Vice Chancellor, ANGRAU, Hyderabad-**Member**
7. Dr. W.S. Lakra, Director, CIFE, Mumbai-**Member**
8. Dr. M.K. Agnihotri, COE (Edn.)-**Member Secretary**

The Committee had the following terms of reference (TOR):

1. Review existing essential qualifications for admission and nomenclature of various degree programmes.
2. Work out modalities to bring uniformity in essential qualifications for admission and nomenclature of various degree programmes.

### **Methodology and Approach**

A proforma (Appendix-1) was devised and circulated to all the Agricultural Universities under ICAR system to furnish the information related to existing nomenclature of various degree programmes and prescribed essential qualifications for admission in UG and PG degree programmes. Most of the universities responded and based on their inputs, compilation of information was done. The committee met on 29/12/2010 at Education Division, KAB-II, Pusa, New Delhi and discussed discipline-wise existing qualifications including age limit and nomenclature of various degree programmes offered by AUs. During the meeting, DDG (Edn) stressed the need for alignment of PG degree nomenclature with the recommendation of the Dr. Paroda committee report. Proceedings of this meeting were mailed on 02/02/2011 to all the members for their comments, if any. The draft recommendations were also presented by the Member Secretary during second consultative meeting of the Deans of AUs held on 12-15 August, 2011 at SKDAU, Dantiwada, Gujarat. Copies of the draft recommendations were also circulated to them for critical appraisal and providing suggestions/comments, if any, within one month time period. Comments were received from the following Colleges/Universities:

- College of Horticulture, Banavasi Road, Sirsi, Karnataka
- College of Veterinary Science & A.H., NAU, Navsari
- Veterinary College and Research Institute, Namakkal
- KNK College of Horticulture, Mandsaur, M.P.
- RVSKVV, Gwalior
- COHS, CCS HAU, Hisar
- School of Fisheries Resource Mgt. & Harvest Technology, KUFOS, Kochi
- JAU, Junagadh
- MPKV, Rahuri

The comments/suggestions were compiled and placed along with the draft recommendations before the committee which met again on 15<sup>th</sup> December, 2011 for further discussion and to arrive at the final recommendations. While revising the essential qualification for admission and nomenclature of various degree programmes, recommendations of the Fourth Deans' Committee on Agricultural Education (2008), Report of the Dr. Paroda Committee on Agricultural Research Service (2011), and essential qualifications prescribed in Information Bulletins of AIEEA-UG/PG-2011 were kept in view.

### **Recommendations**

- A uniform minimum age limit of 16 and 19 years should be followed for UG and PG admissions, respectively.
- The eligibility requirement of subjects studied at the entry level for UG/PG admissions should be widened to attract talented candidates across various subject streams.
- The existing minimum percentage of marks/CGPA/OGPA prescribed for undertaking All India Entrance Examinations for UG and PG admissions conducted by ICAR should be uniformly adopted.
- The nomenclature of various degrees in agriculture and allied sciences be made uniform across the ICAR-AU system as per the recommendations of the committee (Annexure I & II).

- Since some of the qualifications for Agricultural Extension discipline have been phased out, viz. *Veterinary Extension/Dairy Extension/Fisheries Extension/Agricultural Communication in Agricultural Sciences* by the Dr. Paroda Committee for review of ARS Disciplines, similar analogy should have been applied for the qualifications recommended for Agricultural Economics discipline at Annexure-III of the Report. The matter needs to be relooked by the Committee/ICAR.
- In light of the recommendations of Dr. R.S. Paroda Committee for ARS, the cut-off dates for phasing-out the disciplines, which are to be merged, may be decided by the respective Agricultural Universities in a manner that does not adversely affect the students who are already admitted in such disciplines/subjects.

Further, the committee was of the view that since B.Sc. (Hons.) Agriculture is now a four years' degree programme across the ICAR-AU system, and students undergo mandatory RAWE and experiential learning programme, therefore the same may be considered as a professional degree.

It is hoped that these recommendations would help in resolving the ambiguities arising on account of varied nomenclature of essential qualifications and degree programmes existing in AUs/NARS and bring uniformity at the National level.

The Subject/discipline-wise recommendations of the Committee for Bachelor and Master's Degree Programmes are given at Annexure I and II, respectively.

			50% marks Aggregate for SC/ST/PH <b>Age:</b> Minimum age limit 19 years	only marks are awarded, the candidate must have secured at least 60% marks for General/OBC/UPS category and 50% marks for SC/ST/PH category. <b>Age:</b> No age limit
--	--	--	--	---

*Note: For award of M.V.Sc. degree, B.V.Sc. & A.H. will be the essential qualification.*

*\* Disciplines have been merged as per the recommendation of Dr. R.S. Paroda Committee Report (2011).*

*\*\* Candidates having degree other than B.Sc. (Hons.) Forestry will have to pass the prescribed physical fitness tests*

**ALL INDIA ENTRANCE EXAMINATION FOR ADMISSION - UG&PG-2011-12**

**DEGREE NOMENCLATURE, ELIGIBILITY REQUIREMENTS FOR ADMISSION AND  
ICAR SEAT POSITIONS**

Name of the Agricultural University:

Address:

Academic Session: 2011-2012

**A. BACHELOR DEGREE PROGRAMS:**

S. No	Degree Program	Eligibility Requirement for admission	Nomenclature of degree program	Total seats	ICAR Seats (15%)						
					GEN	SC	ST	PH	UPS	OBC	Total
1.	Agriculture										
2.	Horticulture										
3.	Fishery Sciences										
4.	Forestry										
5.	Home Sciences										
6.	Sericulture										
7.	Biotechnology										
8.	Agricultural Engineering										
9.	Dairy Technology										
10	Food Science & Technology										
11	Agril. Marketing, Banking & Cooperation
